About "local foods" and this week's featured farmers and suppliers- RE Farm Café at Windswept is committed to building a more permanent, healthy, available and accessible food system. Windswept's fields, greenhouses and pastures supply much of our year-round needs. To augment menu offerings, we look to regional biodynamic small farm sources first, all the while never compromising on your safety or the inherent food flavors that add "wonderfulness" to our dishes. Our composers work tirelessly to grow relationships for a widening network of trusted growers. We buy the best directly from the best, cutting out the middleman and helping small growers keep more of the profit so their work can be....sustainable!

Our Windswept Farm: Chicken, cucumbers, garlic scapes, eggplant, zucchini, basil, shishito and other peppers, tomatoes, kohlrabi , corn , purslane, eggs, root vegetables.
